

# Nothing To Me Now

*First Verse*     **C G Am**

**Am C G E7 Am**  
 The night was full of sirens, insidious and violent, you kiss the pain away.  
**Am C G E7 Am**  
 You cared too much for danger, and I was just a stranger, fashion couldn't change.

*Chorus*            **F C G E7 Am**  
 And oh you restless life means nothing to me now  
**F C G E7 Am**  
 And oh your stupid style means nothing to me now

*Second Verse*    **Am C G E7 Am**  
 I've done the work of many, but I have only pennies to put around my heart.  
**Am C G E7 Am**  
 I told you I was waiting, but I'm endlessly frustrating and now I've played my part.

*Chorus*            **F C G E7 Am**  
 And oh you wasted lies means nothing to me now  
**F C G E7 Am**  
 And oh your stupid style means nothing to me now

*Instrumental*    **Am C G E7 Am**  
  
**Am C G E7 Am**

*Chorus*            **F C G E7 Am**  
 And oh you wasted lies means nothing to me now  
**F C G E7 Am**  
 And oh your stupid style means nothing to me now
